Subject: Revised Reclamation Activities Program for 1992
Bingham Canyon Mine, (M/035/002.)

Dear Mr. Hedberg:

Kennecott Utah Copper (KUC) has revised the Reclamation Activities Program submitted in March 1992 to reflect the current status of the Reclamation Program for the present year. This list represents projects that have been completed, are in progress, or are planned for 1992. Additional minor projects involving reclamation activities may be added during the year. Reclamation activities not included in the attached program will be detailed in the annual report for 1992.

As requested, representatives from KUC will present the Reclamation Activities Program to the Division of Oil, Gas, and Mining Board at the August 26, 1992 Board Meeting. The presentation will include a discussion of completed, in progress, and planned reclamation projects supplemented with slides and maps as needed.

If you have any questions, please give me a call.

Sincerely,

Frederick D. Fox
Director, Environmental Affairs
